It's Easy for You!

Order by mail, and then come pick it up. We'll even load it in your car!

You help Broadmoor!

Your purchase helps support our education and conservation programs.

What kind of seed should you buy?

Different birds like different foods...

Sanctuary Blend attracts a variety of birds to all types of feeders
(Contains: Black oil sunflower, millet, peanut hearts and pieces, safflower, striped sunflower, sunflower hearts, canary seed, thistle, tree nuts and dried fruit)

Black Oil Sunflower is great for cardinals, grosbeaks, titmice and nuthatches

Cracked Corn is a favorite of juncos, turkeys, doves and other ground feeders

Thistle attracts goldfinches and pine siskins to a hanging tube feeder or thistle sock

Suet is a favorite of woodpeckers (A suet cage helps keep squirrels out)

We thank you for your continued support for our Bird Seed Fundraiser.

Our new supplier offers top quality seed, but slightly different bag sizes than previously available, so be sure to check sizes when ordering.
