

Fall 2009 Early Registration for Nursery School Naturalists

Information

The Nursery School Naturalist program is a weekly drop-off enrichment program for 3 to 5 year olds. The program begins indoors, but we go outside every week for about half the session, whatever the weather. It is our belief that children can better form a positive relationship with nature by experiencing it firsthand rather than getting information from television shows or even from objects brought out of nature. The program has been running at Habitat since 1994.

Registration

To enroll a child, please complete the form below and return it with a **deposit of \$300** by 4:00 p.m. on **Thursday, April 2**. All registrations received by that date will be placed in a lottery and registrations drawn to fill the spots. Notifications will be sent out in mid April.

Payment and Refunds

Deposits of \$300 per child are required for the lottery. **If you are not chosen** in the lottery we will add your child's name to our waitlist and your **deposit will be returned**. If your child is accepted into the program, the **balance will be due July 31**. If you **withdraw from the program, either before or after it begins, you will receive a pro-rated refund based on the number of classes remaining, minus a \$50 registration fee**. Please call us with any questions you may have.

Sessions and Dates

Session 1: (For children age 4 by September 1st, 2009)
