
massaudubon.org/wildwood

A Mass Audubon Overnight Camp for Outdoor Exploration 2020
Our mission is to connect campers with nature in a friendly and caring environment so that they may gain a greater respect for nature as well as our role in protecting it.
Wildwood is a special place where campers come together to discover and explore the natural world.

Our campers roast s’mores over open fires, sleep under the stars, sing silly songs, paddle around Hubbard Pond, and fall in love with nature each day. Campers have fun as they explore the outdoors, make friends, and develop self-confidence and leadership skills that last a lifetime. Located in southern New Hampshire, Wildwood is a one-of-a-kind camp for youth ages 6–17.
My camper enjoys most of all seeing her special camp friends each year. She also enjoys the traditions, special songs, jokes, and culture that arises. She loves the setting and the activities.

— 2019 Overnight Camp Parent
Wildwood is a supportive environment in which each camper is valued and respected. With the support of the Wildwood community, campers have opportunities to grow, make new friends, and choose from a variety of fun activities that allow them to explore the outdoors.

A Typical Day at Wildwood

7:00 am  Pre-Breakfast Jaunt (PBJ)
8:00 am  Breakfast
9:00 am  Unit Time
10:00 am Nature Groups (NGs)
12:00 pm Lunch
1:00 pm  Siesta
2:00 pm  Discovery Groups (DGs)
4:00 pm  Open Activity Time (OATs)
5:30 pm  Unit Time
6:00 pm  Dinner
7:00 pm  Evening Program

Overnight Camp Dates

Session 1  (one week)
June 21–27
Session 2*  (two weeks)
June 28–July 11
Session 3*  (two weeks)
July 12–25
Session 4*  (two weeks)
July 26–August 8
Session 5  (one week)
August 9–15

*Carson and Leopold campers (ages 8–10) may register for just the first week of a two-week session and stay until the mid-session Sunday.

Intersessions
June 27–28
July 11–12
July 25–26
August 8–9

Overnight campers who stay at camp for more than one consecutive session may choose to remain at camp between sessions.

Wildwood Warblers  (ages 7–8)
Warbler A  July 19–21
Warbler B  July 23–25
Living Units

LEOPOLD CABINS
Boys entering grades 3–5

CARSON CABINS
Girls entering grades 3–5

THOREAU TENTS
Boys entering grades 6–7

FOSSEY WOODEN TENTS
Girls entering grades 6–7

ABBEY TENTS
Boys entering grades 8–9

DILLARD TENTS
Girls entering grades 8–9

YURTS
Wildwood Warblers, ages 7–8

Activities

Wildwood is all about choice and exploration. Our daily schedule is built around activity periods that feature a variety of programs for campers to choose from.

Pre-Breakfast Jaunts (PBJs) give campers the opportunity to start their day with activities like birding, paddling, and the always-popular Polar Bear Swim!

Nature Groups (NGs) empower campers to discover field, forest, and wetland habitats and the intriguing behaviors of birds, insects, mammals, invertebrates, and more through hands-on investigation.

Discovery Groups (DGs) provide campers with a unique experience to dive into more nature discovery investigations, arts and crafts, high-ropes course challenges, paddling, sailing, improv games, wacky science, and much more.

Open Activity Times (OATs) give campers free time to swim or paddle on Hubbard Pond, join a game of soccer at the activity field, or simply relax and meet up with friends.

Evening Programs (EPs) take place after dinner and enrich Wildwood’s offerings with an all-camp or unit-based game or activity, such as night hikes or sunset paddles. A few of our favorites include Predator/Prey, Heffalump Hunt, and campfires.

Wildwood Warbler

Wildwood Warbler is a three-day overnight camp program providing younger campers (ages 7–8) with outdoor experiences and challenges appropriate for their age level.

Warbler campers participate in a wide variety of outdoor activities with their own counselors and bunkmates. They join older campers for Discovery Groups and Open Activity Times, and the entire camp community for Evening Programs and meals.

Warblers stay in the yurts and are supervised by experienced staff who are enthusiastic, dedicated, and committed to helping children be comfortable and grow in the out-of-doors. Small group sizes create a safe environment that is rich in individual guidance and personal attention.

Meals

Meals are a time to connect with friends and bunkmates over family-style entrées. Campers are served three well-balanced meals and an afternoon snack each day. Example meals include eggs, pancakes, sandwiches, turkey dinner, and spaghetti with meatballs, with additional choices at the salad bar.

Our camp is proudly nut-free! Our kitchen is able to accommodate specific dietary needs including those of campers who follow vegetarian, vegan, gluten-free, and dairy-free diets (and more!).
Teen Adventure Trips

Teens entering grades 9–12

“...my teen enjoyed the team spirit and camaraderie, being out in nature, learning new skills, and the sense of achievement.”

—Parent of a 2019 Teen Adventure Trip Participant

Wildwood Teen Adventure Trips immerse campers entering grades 9–12 in the natural wonders of the Northeast’s most beautiful areas. All trips focus on developing a love of the outdoors, but each trip takes a unique approach. A wide variety of trip options accommodate many interests and levels of outdoor experience.
One-Week Trips

Appropriate for teens with all levels of outdoor experience and good physical fitness.

**Acadia Adventure**

**June 21–27**

Breathe in the excitement of Maine’s Acadia National Park and enjoy spectacular coastal views. We’ll hike along the granite slopes of Cadillac Mountain and bike Bar Harbor’s famous carriage roads. Watch for whales, seals, eagles, and other wildlife while kayaking along coves and rocky shores. Spend the afternoon at one of the park’s scenic beaches and share stories of your adventures around a cozy campfire.

This itinerary includes cycling; participants should be comfortable on a bicycle.

**Paddling Vermont’s Waterways**

**July 5–11**

Explore the glacier-carved lowlands of the Vermont Piedmont afloat and afoot on this beginner canoe trek. We’ll begin with an afternoon of professional paddling instruction before loading up our canoes for a two-day float downriver to develop our Leave No Trace wilderness ethic and build outdoor skills. Once we’ve experienced the river valley by boat, we’ll strike out on foot to explore some of the ridges and peaks that surround it.

This itinerary includes cycling; participants should be comfortable on a bicycle.

**Explore the Appalachian Trail**

**June 28–July 4**

Set off on one of the world’s most famous footpaths as we explore the Taconic range during this beginner backpacking trek. Trek over rugged mountains that dominate the skyline of western Massachusetts, and absorb stunning views of the Housatonic Valley, the Berkshires, and the Catskills. Take advantage of the endless opportunities for personal growth, and spend meaningful time in nature with friends.

This itinerary includes four days and three nights of backpacking. Participants can expect to carry an internal frame pack weighing 35–45 pounds while traveling up to eight miles per day.

**Bike & Beach: Cape Cod & Nantucket**

**June 28–July 4**

Visit two of New England’s premier coastal destinations on this trip. We’ll kayak in Barnstable Bay, explore the beaches and dunes of Cape Cod, and meet up with Mass Audubon naturalists to participate in hands-on conservation science projects such as tracking turtle nests or invasive species management. Next, we’ll travel to Nantucket Island to discover its marshes, beaches, and woodlands. Top off your trip with a bike ride through the heart of the island and a relaxing afternoon at the beach with friends.

This intermediate-level canoe trek is appropriate for beginners with prior camping or paddling experience.

**Paddling the Pioneer Valley**

**July 12–18**

Discover the Connecticut River and its tributaries as we canoe through Massachusetts’ Pioneer Valley. Professional paddling instructors will take our skills to the next level as we visit oxbow lakes, secluded islands, and riverside Mass Audubon sanctuaries. Learn about the ecology of the Connecticut River and keep an eye out for eagles, otters, and more.

This intermediate-level canoe trek is appropriate for beginners with prior camping or paddling experience.

**Maine Coast Kayaking**

**July 19–25**

Venture out to sea to explore the scenic coves and bays of the Maine coast with professional sea-kayaking guides. Keep your eyes peeled for wildlife, including seals, puffins, and maybe even a whale as we paddle to our island campsite. Learn the basics of kayaking and Leave No Trace camping as we travel the high seas.

---

**Adventure Awaits**

Trips begin with a half day of team-building and orientation at Wildwood. Groups then travel to amazing locations throughout the Northeast. Along the way, campers participate in outdoor adventures, learn the basics of Leave No Trace camping and trekking, and meet with conservation professionals to participate in environmental study or service.

Groups are small and co-ed, with two leaders and 6–10 teens. Participants practice hands-on skills in conservation and outdoor living and develop knowledge of the region’s natural history.
and scenic beaches. Wrap up each
day with a relaxing evening around
the campfire with friends for an
unforgettable adventure.

High Peaks & Hidden Caves
July 26–August 1
Discover the high peaks and hidden
caves of western Massachusetts
and New York. This trek delves into
the fascinating natural features of
the area with a focus on geology and
cave ecology. We’ll explore natural
caves, summit Massachusetts’
highest peak, and visit museums,
state parks, and Mass Audubon
sanctuaries to learn about how
these features formed and how they
support the local ecology. There will be
plenty of hiking and spelunking, not
to mention a dip in a waterfall pool!

NEW! Kayaking the
Southern New England Coast
August 2–8
Paddle along the coasts of
Connecticut and Rhode Island, and
learn the basics of sea-kayaking on
this adventure-filled voyage. We’ll
develop our paddling and navigation
skills with professional guides as
we explore the coves, tidelands, and
islands of Narragansett Bay and
Long Island Sound. New England’s
southern coast offers a huge variety
of habitats and wildlife; keep a
lookout for sea turtles, whales, and
hundreds of species of birds that
call this area home.

New Hampshire Rocks!
August 2–8
Have the time of your life on this
rock-climbing and hiking adventure
in New Hampshire’s White
Mountains. We’ll spend the week
learning the ropes with professional
climbing guides and explore world-
class climbing destinations in
and around the White Mountain
National Forest. Between climbs,
we’ll discover the natural and
cultural history of Franconia
Notch, and enjoy stunning scenery
as we hike and camp our way
through the region.

Backpacking the Wild Whites
August 9–15
Hike across beautiful ridgelines
and valleys in the White Mountains’
Pemigewasset Wilderness. On this
challenging backpacking trip, we’ll
summit several of New Hampshire’s
famed 4,000-foot peaks and take in
some of the best views New England
has to offer.

This itinerary includes 30 miles of
backpacking over approximately four
days, hiking up to 10 miles per day. This
challenging backpacking trip is appropriate
for those with prior backpacking experience
or beginners with significant camping and
hiking experience and good physical fitness.

Two-Week
Trip
This in-depth adventure is designed
for campers looking for a more
advanced trekking program. It
requires a high level of physical
fitness and is recommended for
teens entering grades 10–12 with
previous adventure-trip experience.

New England High Points
July 12–25
Explore the natural wonders
of all six New England states—
plus New York—as we attempt
the tallest peak in each. The
pursuit of state high points
has a proud tradition, and the
hikes to New England’s highest
places present a wide variety of
intensities, from a relaxing stroll
on Rhode Island’s Jerimoth Hill
to a challenging 15-mile ascent
of peaks like Katahdin in Maine.
Between bagging peaks, we’ll
enjoy activities like zip-lining,
swimming, visiting with career
naturalists, and taking in the
beautiful New England scenery.
At the end of our adventure, we
will have proudly completed a
regional high-point challenge
and made friendships that will
last a lifetime.
Teen Leadership Programs

Teens entering grades 10–12
Environmental Leadership Program

Nature needs the next generation of environmental leaders to be ready. The goal of our Environmental Leadership Program (formerly Leaders-in-Training) is to equip and encourage teens to be effective environmental advocates and conservation leaders in their homes and communities.

Each teen will be given opportunities to practice leadership—through teaching, service, outdoor adventure, and more—among their peers and younger campers. Each group of participants will also focus on an environmental or conservation topic and how they apply their leadership skills to make a positive impact on the world.

Environmental Leadership Program Year 1
Teens entering grades 10+

First-year ELPs participate in team-building activities, an environmental service project, and act as leaders and role models for their peers and younger campers. With the support and guidance of Wildwood staff, participants lead their peers in a program of their own creation. Off-site community service provides an opportunity to serve and connect with communities beyond Wildwood.

Environmental Leadership Program Year 2
Teens entering grades 11+

During their second summer of ELP, participants will dive deeper into the concepts of leadership, putting their skills into practice throughout the Wildwood program and beyond. Teens will leave with knowledge and experience in goal-based leadership and acting as a positive role model in their various communities. This session gives participants skills to build on for years to come—at home, at school, and beyond.*

Counselors-in-Training
Teens entering grade 12

The Counselors-in-Training (CIT) program helps teens develop leadership skills, learn how to work with children, and share their love and knowledge of nature with younger campers. The summer starts with a weeklong training program before moving into cabins with the campers. Daily meetings will give CITs a chance to build community, share experiences, develop job skills, and the knowledge and experience to begin the transition from camper to counselor.*

*Second-year ELPs and CITs are selected by application and interview. Contact the Wildwood office at 866-627-2267 or wildwood@massaudubon.org for more information.

“...My child loved visiting and working on a farm and having a shared meal there, hiking Ascutney, the composting project, the counselors, and the camaraderie of the group. They loved the feeling that they had more freedom and responsibility.

—Parent of a 2019 leadership program participant

SESSION DATES

ELP Year 1: Session A
June 21–July 4

ELP Year 1: Session B
July 5–18

ELP Year 2:
July 26–August 15

CIT:
July 5–August 8
Camper Groups

Wildwood Day Camp provides unique nature-adventure experiences for 6- to 11-year-olds. Campers are grouped by age and activities are tailored to be developmentally appropriate. Small groups are led by two to three leaders who have experience working with young children in experiential outdoor education.

Day Camp Hours

Monday–Friday
8:30 am–4:00 pm

Optional Extended Day:
4:00–6:00 pm

Day Camp 1  July 13–17
Day Camp 2  July 20–24
Day Camp 3  July 27–31
Day Camp 4  August 3–7

A Sample Day

Each morning, campers discover the day's nature theme before heading out to explore Wildwood's diverse habitats and wildlife. Daily afternoon activities provide opportunities for campers to connect with each other and nature and include hikes, pond discovery, creative arts projects, wilderness survival skills, and water games. (And, no day at camp would be complete without a dip in Hubbard Pond or a paddle in one of our canoes or kayaks!)

Campers have opportunities to play outdoors, make discoveries, and learn about making choices. Our cozy camp areas create safe spaces for relaxing, sharing, and learning with friends.
Family Camp

Fun for campers of all ages

“The activities were great and the pace was lovely. There was fellowship/community-building, but it wasn’t forced. It was really a great time for our family!”

— 2019 Family Camp Parent
**Nature Together**

Family Camp is fun for campers of all ages—from toddlers to grandparents! Wildwood has just what your family needs to enjoy some quality time together in a safe, quiet, and beautiful natural setting. Bring the whole family to explore nature, reconnect, and meet other outdoor-loving families. Each family stays in its own premium or standard cabin, wooden tent, yurt, or platform tent (or you can bring your own tent to sleep in).

**Fun for the Whole Family**

A variety of fun activities include swimming, kayaking, nature crafts, hiking, high-ropes course challenges, birding, and campfire songs. Plus opportunities to relax and enjoy time spent in nature, both together and in separate, kid- or adult-only programs.

Family Camp is a great way for parents to introduce future Wildwood campers to all the fun and excitement the outdoors has to offer.
Summer Staff
Our camp staff includes educators, naturalists, and college students from the U.S. and around the world—all dedicated adults who bring the Wildwood program to life through their creativity. Staff work to create a positive community and ensure each camper has a safe and rewarding camp experience.

We select individuals who have experience working with children and a strong desire to share their knowledge of the natural world. Our application process includes thorough interviews, and background and reference checks.

Staff are required to participate in an intensive two-week training program focused on child development and supervision, health and safety procedures, and environmental education. All camp staff hold CPR and first-aid certifications as well as activity-specific certifications. We have around-the-clock, licensed health care staff on site along with access to an on-call pediatric practice at nearby Monadnock Community Hospital.

Leadership Team
Wildwood’s leadership team works year-round to develop high-quality summer camp programming. We participate in ongoing professional development provided by accredited organizations such as the American Camp Association (ACA). We are always available to talk with families and campers to help them prepare for a successful camp experience.

Wildwood’s Camp Staff
“The counselors were amazing. Fun to be with, great with kids; they really added energy to the week.”

### Transportation

Transportation may be provided from Manchester or Boston Logan airports for an additional fee. Please call the office to arrange pickup.
Important Deadlines
All camp forms, waivers, and the balance of your camp tuition are due by May 1. If you are registering after May 1, payment in full is required and a specific camp form deadline will be set for you. A camper cannot attend camp and his/her spot is not guaranteed until all forms, waivers, and payments are completed (or a payment plan has been established).

Camper Requirements
Campers are expected to meaningfully participate in age-appropriate activities, including outdoor exploration and nature study. To ensure a successful camp experience, please discuss any pertinent information regarding your child’s special needs with the Camp Director. We can accommodate on a case-by-case basis in order to establish the best strategy for a great summer camp experience. All campers must follow stated behavioral expectations and safety rules. The Camp Director reserves the right to dismiss a camper when, in his/her judgment, the camper’s behavior interferes with the rights of others or the smooth functioning of the group or activity, or violates the camp’s behavior policy. In such cases no refunds will be provided. If you have any questions regarding your child’s ability to participate in our camp program, please contact the Camp Director, Becky Gilles.

Camp License
Our camp complies with the regulations of the New Hampshire Department of Environmental Services and is licensed by the New Hampshire Department of Children & Family Services.

ACA Accreditation
We are proud to be accredited by the American Camp Association. This nationally recognized program focuses on program quality, health and safety, management, and camp operations.

Mass Audubon protects more than 38,000 acres of land throughout Massachusetts, saving birds and other wildlife, and making nature accessible to all. As Massachusetts’ largest nature conservation nonprofit, we welcome more than a half million visitors a year to our wildlife sanctuaries and nature centers. Today, Mass Audubon is a nationally recognized environmental education leader, offering thousands of camp, school, and adult programs. With more than 135,000 members and supporters, we advocate on Beacon Hill and beyond, and conduct conservation research to preserve the natural heritage of our beautiful state. We welcome you to explore a nearby sanctuary, find inspiration, and get involved. Learn how at massaudubon.org.
