Fish _____

Signs of people _____

Name two habitats you visited _____

Patterns and Textures

Do a rubbing of a leaf, a shell, or the bark of a tree:

Simply place paper over object and rub paper lightly with pencil

More for you to do...

-  Hike this trail another time (or two) to experience the dramatic changes of the seasons.
-  Hike another trail at this sanctuary. How do the habitats differ?
-  Compare what you found here today to what you have, or will, find at another Mass Audubon sanctuary.
-  Explore your backyard and compare things to what you observed here.
-  Learn more about what you see in nature by taking a Mass Audubon class. Go to www.massaudubon.org to learn more.
