

Osprey Monitoring Field Observations

Thank you for being an Osprey Monitoring Volunteer. Please use this form to record your observation in the field for a SINGLE nest site. Please, use a separate form for each nest. Observations are needed between April and August for active nests. Please transfer data to google doc online if possible. If you have any questions, please contact Liz Dengenis at Felix Neck Wildlife Sanctuary via email ldengenis@massaudubon.org, in person at 100 Felix Neck Drive Edgartown MA 02539 or call at 508.627.4850 x9412
