

Scout Programs

Habitat is an ideal place to bring your scout troop. Through hands-on activities, games and outdoor explorations, scouts learn about nature and our place in it. All programs are 2 hours in length and take place entirely outdoors.

We have developed many programs based on Boy Scout/Girl Scouts USA requirements to help your troop achieve their badges, but we are also happy to customize a program for your troop. For badge programs, we complete the necessary requirements to earn the badge.

To Schedule a Program

Pre-registration is required for all programs. We plan programs to fit your schedule—weekdays, evenings, even weekends. All programs must be booked at least three weeks in advance. A non-refundable deposit of \$25 is required for all programs. No program is confirmed until the deposit is received.

To schedule a program, please contact Jane Higgins, Education Coordinator, at 617-489-5050, ext. 7203, or jhiggins@massaudubon.org.

Program Fees

We can accommodate small and large groups, with a minimum of 5 participants. Larger groups will be divided into two smaller groups, with a maximum of 14 participants (including adults) per group.

\$130 for the first 5 participants, \$10 for each additional participant

Two adults per group are admitted free of charge.

For Girl Scouts

Daisy Badges
