

Activity Points Tracking

Use this worksheet to help you keep track of the points you earn during Bird-a-thon! You can find links to download all the worksheets, lists, pages, etc. by going to: massaudubon.org/BAT21-nature-activities

This checklist is just a helpful tracking tool. Please do NOT submit this checklist to your Team Captain. To report your activity points, use the official *Bird-a-thon Activity Reporting form*. Bird-a-thon HQ will email you a link to the form on May 14 and May 15. If you have any questions, please contact your Team Captain or the Bird-a-thon Coordinator (birdathon@massaudubon.org).

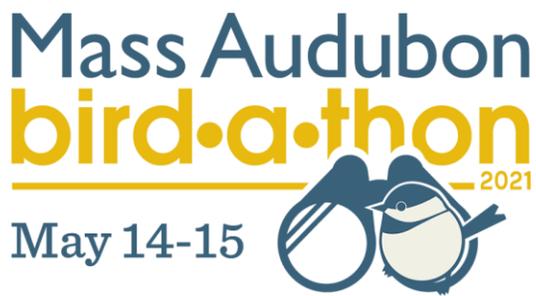

Birding/Birdwatching Points

Download the [Official Bird-a-thon 2021 Species Checklist](#) and keep track of how many bird species you see or hear between 6pm on May 14 and 6pm on May 15.

Each species you record is worth 1 point. Remember to only count each species once per individual OR family. For example, if you see 5 American Robins and another family member sees 3 American Robins, you would still only count this as 1 species point for your whole family.

You can use the blank space below to track the birds you see, or check them off on the Official Species Checklist.

My Species Points: _____
