

Brewster's Woods All Persons Trail

Brewster's Woods Wildlife Sanctuary

Balls Hill Road
Concord, Massachusetts

All Persons Trail/Fisher Trail

Length: 1.2 miles (roundtrip)

The Fisher Trail begins at the main parking area and wanders through mixed forest before passing the edge of a meadow and then proceeding downhill to inspiring views of the Concord River. Be sure to stop and look for wildlife—ducks, herons, and turtles—when crossing the dam that separates the marsh from the river. This accessible All Persons Trail has a firm and stable surface of crushed stone. The trail has rolling terrain that is mostly smooth, with several areas of reasonably steep slope between the meadow and the river that may be challenging for some users. Several seating areas are available along the trail.

Funding for the Fisher Trail was made possible through generous gifts from individual donors and the Commonwealth of Massachusetts, as well as the Sudbury, Assabet, and Concord Wild & Scenic River Stewardship Council through the National Park Service (CFDA: 15.962 – National Wild and Scenic Rivers System).
