Pike's Pond All Persons Trail

Length: 0.4 miles (0.6 km) one way, 0.8 miles(1.3 km) out and back.

This accessible trail starts near a meadow, crosses the remnants of a major windstorm, wraps around Pike's Pond, and passes through wetlands and forests. Interpretive stops along the trail invite you to explore the fascinating ways that Pleasant Valley is always changing. You may also follow the tour as an audio recording or booklet in customizable print or braille. Pick up booklets in the Visitor Center.

This project was made possible thanks to the generosity of individual donors as well as the Jane and Jack Fitzpatrick Trust, The Feigenbaum Foundation, and the Town of Lenox Community Preservation Funds.
