How Arcadia Wildlife Sanctuary Helps Birds

This area was known as a "birding hot spot" long before it became a Mass Audubon Sanctuary in 1944. We continue that legacy, with the help of many devoted volunteers, by maintaining bird habitat, monitoring bird populations, and teaching about bird conservation. The sanctuary's location has much to do with its diversity. Mill River flows through Arcadia. It is located on the Oxbow of the Connecticut River and Mt. Tom's craggy ledges rise above us. Ibis Pool, where fish become trapped when spring floods recede, hosts an annual variety of birds, including rare species.

We manage 168 acres for grassland birds, mowing late sumer and fall, after nesting season is complete. Fields provide habitat for burrowing small mammals, which attract hawks and even owls in some seasons. The agricultural fields, Old Orchard, and early-successional areas are used by nesting species and migrants, especially warblers. Field boxes provide nesting cavities for Eastern Bluebirds and Tree Swallows. Volunteers monitor egg laying and fledgling success May through July.

We protect the region's largest stand of floodplain forest. Bald Eagles nest here and can be seen in the meadows and Oxbow year round. Wood Ducks frequently nest here as well.

This important work cannot be done alone. We depend on the support of our members and volunteers. Many individuals, including local college students, are involved in community science research, including an annual breeding bird census and annual Christmas bird count. Our most interesting bird habitats would quickly be overrun with invasive plants if it were not for the hard work of staff and many volunteers who pull plants and cut shrubs to maintain habitat variety.

Mass Audubon's Statewide Bird Conservation Projects

Important Bird Areas (IBAs) are sites providing essential habitat to one or more species of breeding, wintering, and/or migrating birds. The statewide portfolio of 79 IBAs represents critical habitat for every bird species regularly occurring in Massachusetts.

Birds, like many Massachusetts residents, flock to the coastal areas of our state. We help protect Piping Plovers, tern species, and coastal habitat at 90 sites in southeastern Massachusetts.

This important work cannot be done alone. We depend on the support of our members and work closely with many other organizations, agencies, and landowners.

HOW YOU CAN HELP.

Turn your checklists into data and contribute to Mass Audubon's knowledge and understanding of Massachusetts' birdlife and the birds of our wildlife sanctuaries. Keep a list of birds on your walk and log on to www.massaudubon.org/ebird to submit your observations. Your sightings will be stored in a database that Mass Audubon scientists can use to track birds on our sanctuaries.

Help us collect important data by participating in Mass Audubon bird monitoring programs including the Oriole Project, the Whip-poorwill Survey, the second statewide Breeding Bird Atlas, or our sanctuary breeding bird surveys. You can also get involved in the annual Christmas Bird Count or our annual Bird-athon. For more information, visit our website:

BIRD CHECKLIST FOR ARCADIA

- □ Snow Goose
- Canada Goose
- Wood Duck
- □ American Wigeon
- American Black Duck
- □ Mallard
- □ Blue-winged Teal
- Northern Pintail
- □ Green-winged Teal
- Ring-necked Duck
- Common Goldeneye
- Hooded Merganser
- □ Ruffed Grouse
- □ Pied-billed Grebe
- Double-crested Cormorant
- □ American Bittern
- Great Blue Heron
- Great Egret
- □ Snowy Egret
- Little Blue Heron
- Green Heron
- □ Turkey Vulture
- □ Bald Eagle
- Northern Harrier
- □ Sharp-shinned Hawk
- Cooper's Hawk
- □ Broad-winged Hawk
- Red-tailed Hawk
- □ Rough-legged Hawk
- □ American Kestrel
- Merlin
- □ Virginia Rail
- □ Sora
- □ Common Moorhen
- □ American Coot
- □ American Golden-Plover
- □ Killdeer
- □ Spotted Sandpiper
- □ Solitary Sandpiper
- □ Blue-headed Vireo
- Greater Yellowlegs
- Lesser Yellowlegs
- □ Semipalmated Sandpiper
- Least Sandpiper

- Dunlin
- □ American Woodcock
- □ Ring-billed Gull
- □ Herring Gull
- Great Black-backed Gull
- ☐ Mourning Dove
- Black-billed Cuckoo
- Eastern Screech-Owl
- Great Horned Owl
- □ Long-eared Owl
- □ Short-eared Owl
- □ Common Nighthawk
- Chimney Swift
- Ruby-throated Hummingbird
- Belted Kingfisher
- Downy Woodpecker
- □ Hairy Woodpecker
- □ Northern Flicker
- Pileated Woodpecker
- Eastern Wood-Pewee
- □ Alder Flycatcher
- □ Willow Flycatcher
- Least Flycatcher
- Eastern Phoebe
- Great Crested Flycatcher
- Eastern Kingbird
- □ Northern Shrike
- Yellow-throated Vireo
- Warbling Vireo
- Philadelphia Vireo
- Red-eyed Vireo
- □ Blue Jay
- □ American Crow
- □ Horned Lark
- □ Tree Swallow
- Northern Rough-winged Swallow
- □ Bank Swallow
- Barn Swallow
- □ Black-capped Chickadee
- □ Tufted Titmouse
- Red-breasted Nuthatch
- □ White-breasted Nuthatch
- Brown Creeper
- Rock Pigeon
- □ House Wren

- Winter Wren
- □ Golden-crowned Kinglet

□ Ovenbird
