## Marsh Mapping

Directions: Record the following natural features on your map:

- |                             |                              |
|-----------------------------|------------------------------|
| Natural Features            | Human Impact                 |
| -Different vegetation types | -Houses, roads, parking lots |
| -Wildlife                   | -Ditches, culverts (pipes)   |
| -Water                      | -Litter                      |

Create a key on your map to clarify the meanings of each symbol you use

### KEY:

Vegetation Transect

Fish Trap

Set of Wells

Sets of wells along transect lines are marked only with well numbers; 1.1, 2.1, 3.1, etc. They are not marked with well symbols.
